Examiner Randall:

Upon reviewing the above-identified patent, Patentee noted typographical errors for which we submitted a Request for Certificate of Correction on 11 Feb 2009. We received a notice mailed 20 Feb 2009 in which corrections to claim 16, lines 20-21 and claim 24, line 24 were approved but correction to claim 4, col 20, line 29 was denied as inspection of the record revealed that claim 4, col 20, line 29 was printed in accordance with the record. Patentee did not request correction to claim 4, col 20, line 29. Patentee requested a correction to **claim 24, line 29.**

In the Claims:

In claim 24, line 29, “to view and had aspects of data”, should read --to view and edit aspects--

Patentee requests that the correction to **claim 24, line 29** also be granted and submits a second proposed Certificate of Correction effecting such amendment.

The errors were found in the application as filed by applicant.

The errors sought to be corrected are inadvertent typographical errors the correction of which does not involve new matter or require reexamination.

Transmitted herewith is a proposed Certificate of Correction effecting such amendment. Patentee respectfully solicits the granting of the requested Certificate of Correction.

The fee required set forth in 37 CFR 1.20(a) was paid with the original Request for Certificate of Correction filed on 11 February 2009 and so no additional fee is required. This request reiterates the initial Request for Certificate of Correction which was simply misread. (see attached.)

The Director is hereby authorized to charge any deficiency in the fees filed, asserted to be filed or which should have been filed herewith (or with any paper hereafter filed in this application by this firm) to our Deposit Account No. 50-0869, under Order No. TRDB 1006-1US. A duplicate copy of this paper is enclosed.

Dated: March 9, 2009

Respectfully submitted,
